New business submissions should be sent to submission@feinsurance.com
dba: FEI Insurance Services in California #OC73812

Since 1991
FEI, a Leader in Environmental
Insurance for Over 20 Years.

Programs

Hazardous Materials Transportation:

Did you know FEI does non-fleet and non-trucking risks!

- Have a 2 unit medical waste hauler? Send it in.
- How about an insured with 1 vacuum truck hauling used restaurant oils to a recycler? We'll take a look.
- Your insured hauling contaminated soil in a dump truck? No problem.
- New venture with 3 years or more of experience? We can write those.
- We think outside the box, you can as well. Carrier is admitted and A rated with great pricing.

Coverage Highlights

Broad Form Pollution Coverage:

Loading and unloading, upset and overturn, sudden and accidental

MCS90:

Endorsement and any required governmental entity filings are included free of charge

GL:

Can be included on risks within the trucking class code

Motor Truck Cargo:

Up to a limit of \$250,000 and including owner's goods

Other Highlights

Claims:

Specialty handling by adjusters experienced in the environmental industry and trucking
Nationwide network of adjusters that will handle all aspects of an environmental claim

Risk Control:

Independent contractors will perform a physical inspection including evaluation of the vehicles and make recommendations to improve safety and claim reduction

FEI Hazardous Material Handbook:

Sent to all insureds which highlights carrier security

Business Auto Coverage:

For your environmental contractors and include auto pollution

Contact your FEI underwriter for further details.
