

## RISK MANAGEMENT SERVICES

**ResortGuard**

Chartis specializes in providing risk management services to our insureds. We understand the issues and will work to help minimize the potential for loss to your organization.

**Educational Webinars:** A variety of risk management issues are presented by leading industry experts. The large selection of webinars are available to you live or at any time via our archived library. Register at <http://www.lexcasts.com>

**On-line Safety Training:** Visit [www.lexingtoninsurancetrainer.com](http://www.lexingtoninsurancetrainer.com) for an easy-to-use, automated risk management training system that allows your employees to log in and complete courses at their own pace. Choose from a wide variety of general safety and driver training courses. This site enables you to cost-effectively train your employees and track their progress in far less time than traditional training methods.

**Aquatic Risk Management:** Jeff Ellis & Associates, a world leader in aquatic risk management, is our partner in providing expert advice. Their Comprehensive Aquatic Risk Management Program is unmatched in the industry; it includes safety audits, lifeguard training, and consultation for your specific needs.

**Armatus® Internet-based Abuse Training:** User-paced activities, video-clips, compelling graphics, and sound effects will fully engage your staff as they learn methods to help reduce the risk that a child or vulnerable adult in their care will be abused and also how to help protect themselves from false allegations of abuse. Your administrators will have access to a customized database to determine who has fulfilled their training requirements.

**Toll-free Confidential Abuse Helpline:** Just a phone call away, Praesidium's experts provide guidance on abuse prevention, managing risks, and responding to dangerous or potentially costly situations. Take advantage of this confidential service to discuss anything that may forewarn of an incident or lead to an abuse claim.

**Criminal Background Checks:** Are you protecting your assets? You should be – because you cannot afford to recruit employees or volunteers with a history of serious crimes or improper behavior. IntelliCorp, a state of the art ISO company, provides 50-state criminal and sexual offender record checks for our insureds at a deeply discounted rate. Contact Matt Garbincus at 800-539-3717 for more information.
