OUTDOOR DISPLAYS OF FIREWORKS

The following are suggested guidelines:

1. The fireworks operators shall be, properly trained, experienced and licensed if state requires and fireworks shall be properly labeled.
2. All required local and state permits shall be obtained and current for each show.
3. Local fire departments should always be on hand at the firing site and the operators shall have proper fire safety equipment readily available.
4. Aerial shows should never be fired over crowds or buildings.
5. Winds shall be monitored before and during show and appropriate action taken if the wind direction and speed does change.
6. The entire operation shall be in accordance with applicable local and state requirements plus NFPA 1123 latest edition.
If transportation and storage are involved consult NFPA 1124.
7. The operating management shall prepare an operational and employee training manual. The operational manual shall include an entire written plan as to how the fireworks show shall proceed including clean up, transportation and any storage of fireworks.
8. The plan shall include control of illegal, unauthorized fireworks lit by people in the crowd.
9. Clean up shall only be done by authorized trained personnel and employees. No volunteers or local organizations i.e. Boy Scouts are to be involved.

CAUTION: MOST STATES REQUIRE THAT THE OPERATOR AND HIS ASSISTANT SHALL BE 21 YEARS OF AGE OR OLDER.
